

## THE SYNTHESIS OF QUALITY

*Our best expression in the service of your practice.*

### OPPORTUNITY TOP - OVERALL PERFORMANCE LEVEL

Fluidity and precision of movements, comfort, design of the support arm, equipment tools: everything is designed to maintain a correct posture of both the doctor and the patient throughout the day.

## Board

The mechanics of the instrument is designed to increase maneuverability and eliminate the tension exerted on the wrist of the doctor for total comfort. As an alternative, the tablet may be produced with hanging hoses. The instruments, while remaining out of sight of the patient, help to create a more relaxed atmosphere.

## Headrest

The ergonomic headrest, adjustable in two axes, allows ideal positioning for each patient. The superior comfort is particularly appreciated in long treatment sessions.

## Working positions

The Opportunity Top is designed to offer maximum freedom for medical staff in every clinical situation.

#### Foot control

It allows you to control all the functions of the dental unit in an intuitive and precise way; also allows retrieval of stored positions.

#### Cuspidor

The ceramic cuspidor bowl is adjustable to facilitate the rinsing by all patient and removable to ensure maximum hygiene.

#### Sky

Completes the design of your studio selecting the most appropriate leather color.
